

## Innovation Excellence Awards 2019

### Celebrating innovation, creativity, and excellence with the Stationers' Company

Winners of the 2019 Stationers' Company Innovation Excellence Awards for the UK Communications and Content industries will be announced at an awards luncheon to celebrate innovation, creativity, and excellence on Tuesday, 25 June at Stationers' Hall, London.

This year's awards attracted 39 entries, from across the Communications and Content industries.

Awards will be made in each of the following shortlisted categories:

- Business Process
- Communications
- Customer Experience
- Product Design
- Product Performance
- Service Development

Jill Jones, Chairman of the Stationers' Company Innovation Excellence Awards, says: *"Judging innovation is both exciting and challenging, as by definition, innovation includes something – a business model, business process, product, service, or a combination of elements – that changes and creates value for the customer experience.*

*"The Judging Panel was impressed with the excellent range of diverse entries, demonstrating the outstanding developments from start-ups to large multinationals, SMEs, and educational institutions. The variety of entries is indicative of how true innovation is not exclusive to one sector, and shows how companies are embracing key developments in print, packaging, and publishing, across the content and communication industries - from those developing increasing personalization for customers and users, to those moving forward with the 'the internet of things'."*

To join in the celebration, which includes an exhibition of shortlisted entries' innovative products and services, please book online at <https://stationers.org/about/engagement-with-our-industries/the-digital-media-group/dmg-events/event/53-events/186-innovation-excellence-awards-and-lunch.html> or email [admin@stationers.org](mailto:admin@stationers.org) or call 020 7246 0982.
